Tell the boys they made history and to a sell out crowd who can swing. So BRAVO to the Band

Thank you Christian for getting the band to join us in the park! I just wanted to share one of the many comments from our Facebook page, which I thought you might enjoy.

"Spectacular band. Some of the best musicians of American jazz and we danced within a few feet of the band. Thanks to all the volunteers that made this and every Sunday happen. One of my favorite LitP days."

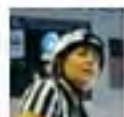

Have a great tour, and a safe trip home,
Naomi

Because I had to be in Berkeley for a sound check at 2:30, I had to miss only the second time in history that [Lindy in the Park](#) hosted a surprise live band- the Lionel Hampton Big Band! Looks like it might have been one of the most fun LitPs ever... ah, well, Such is life. (At least my li'l bass amp made it to the park!) Thanks [Frank](#) for shooting the video and sharing.

LHBB's performance Thursday night at Don Quixote's in Felton was magical. The beauty of the vibraphone on "Memories of You" had me in tears. All the musicians tore the house up with their energetic showmanship. Thank you so much for bringing your project to the Central Coast.
